The screenshot displays the IBM Cloud Dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard's top navigation bar includes the IBM Cloud logo, a search bar, and links for 'Catalog', 'Manage', and the user's account 'Venkatramanan K's Ac...'. On the left, a vertical sidebar contains icons for various services like Cloud Object Storage, Cloud Functions, and Cloud Kube. The main content area is titled 'Dashboard' and features a 'Create resource' button. Below this, a 'For you' section presents a grid of recommended actions, including 'Build' (a large blue tile), 'Build a web app with Watson Speech to Text' (15 min), 'Get Started with Watson Studio' (2 hr), 'Build a Virtual Private Cloud (VPC)' (7 min), 'IBM Watson Knowledge Catalog' (2 min), and 'IBM Cloud Service' (2 min). At the bottom, there are three sections: 'User access' with a 'Manage users' link, 'News' with links to 'Introducing Badges to IBM Cloud Certification' and 'Announcing IBM SevOne Network Performance Management Version 6.4', and 'Planned maintenance' with a 'View all' link. The Windows taskbar at the bottom shows the search bar, task view, and several application icons, along with system information like '27°C' and the date '20-11-2022'.
